- (i) Nikhil, an individual, furnished his return of income for Assessment Year 2018-19 declaring income of ₹ 80,000 from Short Term Capital Gains on sale of shares and paid tax thereon at 15%. The Assessing Officer issued intimation under section 143(1) accepting the return of income but however, levied tax @ 30% on such income. The assessee filed an application under section 154 claiming that he erroneously offered to tax the gains arising on sale of shares as Short Term Capital Gains instead of Long Term Capital Gains, STT paid, which are exempt from tax. The Assessing Officer passed a rectification order allowing relief in part by computing tax @ 15% but refused to grant the refund on the ground that it was not claimed in the return of income furnished and the issue was beyond the ambit of section 154. Thereafter, the assessee furnished a revision petition u/s 264, which was rejected by the Commissioner of Income Tax on the plea that the scope of section 154 of the Income Tax Act was limited and had to be strictly based on the return of income furnished and that intimation under section 143(1) was not an order and not assessable to revisionary jurisdiction. Is the rejection of the revision petition under section 264 by the CIT valid ?

OR

The assessee firm M/s. Karishma Transport Services entered into contract with a cement company for transporting cement to various places in India for a yearly contract exceeding 10 crores. As the assessee did not have transport vehicles of its own, it engaged the services of other transporters for the said purpose. The cement company effected payments to the assessee towards transportation charges after deduction of tax at source. In its return of income, the assessee showed the income arising out of the business of transport contracts. While making payment to truck operators or owners, the assessee had not deducted tax at source. The Assessing Officer has disallowed 30% of the expenditure for non- deduction of tax as it exceeded the threshold limit specified under the Income tax Act. Is the contention of Assessing Officer valid ?

- (ii) A scheme of arrangement was approved by the Delhi High Court pursuant to which the assessee company bought back 5,00,000 shares at the rate of ₹ 18,000 per share for a total consideration of ₹ 900 crores held by its sole shareholder and holding company in Mauritius. 4

In its return of income, it declared the details of the transaction but denied the liability to pay any tax on the said transaction. Pursuant to notice under section 143(2), an assessment order was passed rejecting the assessee's contention that the transaction was not a buyback in terms of section 115QA but a buy-back pursuant to a scheme approved by the High Court, and holding the assessee liable to pay tax at 20% on the distributed income of ₹ 900 crores.

TWZ2

The assessee filed a writ petition with High Court against this portion of the assessment order. The Department submitted that since the remedy of appeal was available to the assessee, the writ petition should not be entertained.

In light of the above facts, Please discuss whether the assessee company is right in filing a writ petition ?
